

Stop Infanticide

Savior of mankind, we beseech you, stop this evil trend.

Take the hand and heart of those in this hour of travail into your care.

Omnipotent Creator of Life, we humbly ask Your aid for those who can not speak.

Prince of peace, Lord of lords, Savior of mankind, rescue these from death.

In You oh God, is the breath of life, let these thy silent ones breath a blessed future.

Now, we know that life begins with conception, please Lord let deception end.

Father God, our Creator, open all eyes to the lie that a child is a disposable thing..

All this seems true in the minds of those misguided by the oppressor, they are lies.

Nothing that they can say, can make the death of one child a truly good thing.

Take oh Lord, thy burdened ones and fill them with your grace and presence.

Instill in their hearts, that all Thy children great and small deserve the gift of life.

Cleans them of the fear that the unknown future holds, for You control all things.

In You is power to change lives, love to uplift hearts and grace everlasting.

Deny not the voiceless ones a future on this earth that they may grow in Thee.

Eternal God we ask these things in the name of Jesus, Your Son our Lord.

Stop Infanticide

See the little children play, there are those who did not live to see this day.

Trash this thing within your body was the advice of those who cared not for life.

On the advice of those who did not care, the child was not delivered here.

Perhaps the life envisioned was one of dispare, an uncertain future filled with fear.

If We could see what was to come, this life derailed might save your own.

Nothing that man may say, can justify the loss of life this way.

Far reaching is each life's impact on others, who's to say what this one could achieve.

All mans knowledge can not fore see, the impact of one life can be, be it on you or me.

Now take my hand and we will see the impact on others your decision can see.

This is true, there is no reason that a life must cease to be, just because of inconvenience.

Infanticide is not what we must support, action or inaction, either may destroy a life.

Defend the voiceless ones, raise the roof in their defense, as Christ has done for you.

Each life can have an impact on others given the chance at life.
